ILLUME™

ILLUME™ is a stylish flying insect control system from PCI. Designed in a timeless art deco style that can be incorporated within any interior décor, Illume™ offers discreet flying insect control. Illume™ has a sleek and stylish design with brass finish. It uses UV light technology to draw insects and trap them on specially formulated glue boards. The boards can be quickly and easily replaced as and when needed. It is compact in size yet has a very high light output. Illume™ is available in a range of colors to suit your décor and additionally available in easy coat primer which allows any paint finish to be applied to match your chosen color scheme. The unit can be hard wired or alternatively a mains lead and plug is supplied to facilitate easy installation.
